DATA SERVICES

Maintaining supply and demand data for child care and early learning programs in Virginia

We connect families to high-quality early childhood experiences and support the programs that deliver them.

High-quality child care is essential to the social and economic well-being of the Commonwealth.

Accurate and comprehensive data is necessary for policy-making and program development to meet the needs of Virginia's families and communities.

Parents of young and school-age children are increasingly reliant upon child care to enable them to work, be productive and reliable employees and support their families.

Quality early childhood experiences are critical to the healthy development of communication, critical thinking, and decision-making skills as adults.

High-quality care results from quality training and professional development opportunities for caregivers and providers.

A strong statewide resource and referral network is essential to a thriving child care infrastructure.

24,596

SEARCHES FOR CHILD CARE

COACHING AS TRAINING

Our technical assistance services can now translate into skills training hours if it meets the criteria for coaching. A certificate will be issued after each coaching episode and may be applied to a provider's annual skills training requirement.

TA meets the characteristics of Technical Assistance, Consultation, PD Advising, and/or Coaching as outlined in the NAEYC and NACCRRRA Training and Technical Assistance Glossary and CCAoVA Standards of Service Delivery.

TECHNICAL ASSISTANCE

We believe that our partnerships and strong relationships with child care providers are essential to the enhancement of the workforce. Program quality and success rely on continued and ongoing professional development, skill-building, and life-long learning. We are here to support, provide resources, and offer growth opportunities.

PROVIDER RESOURCES

Virginia Shared Services Network

Virginia Shared Services Network

A web-based platform open to all centers and family child care providers offering resources to help save time, save money, and increase quality. The resources you need to establish a quality program that runs efficiently and affordably- ALL IN ONE PLACE. Become a member today for a low yearly fee!

Virginia Training Academy

The Online Training Academy helps early childhood providers complete their annual training requirements and the Child Development Associate (CDA) credential/renewal. Individual courses are available starting at \$11, and centers can purchase a group package of courses for a discount. The Online Training Academy allows you to complete your professional development goals from anywhere at any time.

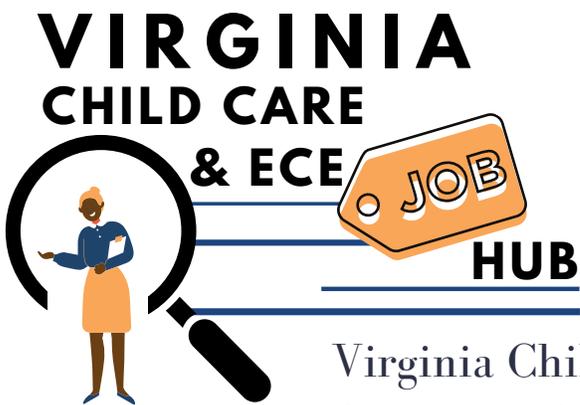

Infant & Toddler and Preschool Endorsement Program

The Endorsement Program provides a comprehensive foundation of knowledge for working with children of specific ages (infants/toddlers and preschoolers). Successful completion of these courses can fulfill annual licensing requirements and can be used to meet the training requirements for the Child Development Associate (CDA) credential.

PROVIDER RESOURCES

Virginia Child Care & ECE Job Hub

The new VA Child Care & ECE Job Hub allows programs to generate a job posting and automatically share it to 9 different job search websites simultaneously (including Indeed, Google, LinkedIn, etc.). This platform allows you to track interviews, monitor background checks, document notes, and send automatic emails to inform applicants of their status. To create an account, visit <http://bit.ly/vajobhub>.

Breastfeeding Friendly Early Care Program

Early childhood programs serving infants and young children can apply to become a Breastfeeding Friendly Early Care program. Virginia partners recognize the benefits of breastfeeding and providing human milk to infants and young children for as long as a family desires. Since nearly 2/3 of Virginia's young children have all available parents working, we know that early care settings are crucial supporters of breastfeeding. We are excited to award a Breastfeeding Friendly Early Care Recognition to child care programs demonstrating best practices in infant nutrition.
